

State Bar of California
Board of Governors Member Responsibilities
(Adopted by the Board of Governors September 19, 2002)

INTRODUCTION

The Board of Governors' Governance Model, consistent with the governing practices of other governmental and nonprofit boards, indicates that one of the most important functions of the board is to make sure that prospective members clearly understand and are ready, able, and willing to carry out the governing mission of the State Bar of California. To assist potential candidates considering running for the board or the various appointing authorities considering public member applicants, the following list is designed to outline the basic skills and competencies necessary to succeed as a board member. Obviously, this list is general in nature and not exhaustive.

A. Board Member Skills and Responsibilities:

1. Be familiar with the mission and purpose of the State Bar of California. A statement of the mission, as well as information on the organization's goals, constituencies, finances, and operation will be available to all prospective members.
2. Once elected or appointed, members of the Board of Governors should attend and participate in all board meetings, committee meetings, and other special events such as the annual meeting. Members should be made aware of the time commitment necessary to fulfill these obligations.
3. In order to fulfill each member's fiduciary duty, members will participate fully in the annual budgeting process and attend all budget meetings as scheduled. The State Bar is large and its finances complex, requiring extra diligence of board members. Orientation and training will be provided so that members understand the complex budget documents.
4. Members should allocate adequate time to prepare for meetings in advance in order to make sound decisions on behalf of the State Bar, its stakeholders, including the public. This requires review of substantial written material.
5. The board's primary relationship with the professional staff is through the executive director; members will actively participate in the executive director's performance evaluation and ensure that the executive director has the support necessary to implement the policy goals established by the Board of Governors.
6. In order to effectively govern, members will be familiar with the existing governance structure of the Board of Governors so that each member can establish a good working relationship with other members of the board and staff.
7. Members should be knowledgeable about conflict of interest standards and ensure that such conflicts are noted when appropriate in formal filings and at board meetings. It is important for members to place the interests of the organization as a whole before personal, geographic, or special interest group concerns.
8. As members of the Board of Governors, we are the primary ambassadors for the State Bar. Each member should be prepared to represent the organization to its members and other bar constituents, including members of the public.
9. Members are encouraged to share their diverse skills and expertise when determining policy.

B. Minimum Standards of Commitment and Conduct:

1. **Meeting Attendance:** Absent emergency circumstances, members will attend all board and committee meetings on time.
2. **Meeting Protocol:** Members will be courteous to one another, guests and staff, avoiding personally directed comments. Board members will avoid interrupting other speakers and yield to the chair or president regarding the order to comment.
3. **Meeting Procedures:** Members recognize meetings are conducted according to board rules, supplemented by Roberts Rules of Order and relevant open/closed meeting rules and regulations.
4. **Confidentiality:** Members recognize that matters discussed in closed session are to be kept confidential subject only to open meeting reporting requirements.
5. **Member Education:** Members will be expected to learn about the State Bar and its operations and functions. This can be accomplished by attending scheduled orientations or by contacting the president or executive director.
6. **Staff Relations:** Members recognize staff are a resource and agree to treat staff with courtesy, recognizing the many demands of staff time. Members will endeavor to work with staff through the executive director and the senior executive team.
7. **Expense Discipline:** Members recognize that the expenses of the Board of Governors are reimbursed from the General Fund. Members will employ expense discipline to minimize travel and other costs.
8. **Ethics and Prudence:** Members will act ethically and prudently in exercising their duties.
9. **Public Relations:** Members are free to make public statements about board matters; however, the president and the executive director or their designees speak for the State Bar as an organization.
10. **Attorney Member Relations:** Elected members recognize the importance of attorney member outreach, particularly within their district, and agree to regularly meet with attorney members, local attorney organizations, and volunteer groups, coordinating with the Office of Bar Relations Outreach.
